Skilled Nursing

Skilled nursing care consists of those services that must be performed by a Registered Nurse (RN) or a Licensed Practical Nurse (LPN) pursuant to physician orders. The service is so inherently complex that it can be safely and effectively performed only under the supervision of a Licensed Nurse to achieve the medically desired result. All our nursing services are overseen with periodic visits by a Managing RN.

Personal Care Assistance

Personal Care services provide assistance with eating, bathing, dressing, personal hygiene, and other activities of daily living including assistance with meal preparation. When specified in the plan of care, this service can also include daily housekeeping chores.

Homemaker/Companion

Homemaker services consist of general household activities (meal preparation and routine household care) provided by a trained homemaker, when the individual who is regularly responsible for these activities is temporarily absent or unable to manage the home and care for him or herself or others in the home. Companion care may include running errands, helping with shopping, helping with bills, or simply just playing games and help keeping someone company.

Respite

Respite services consist of care and support to an individual whose primary caregiver is not available for a brief period or to provide rest for current family members or support systems on a temporary or long term basis.

About CMA

As a Nurse Registry, CMA specializes in caring. We realize that hiring a nurse/caregiver is an important life changing decision. This person must be trusted to assist with the most intimate details of your life. Choosing the right nurse/caregiver is a crucial step in this process. CMA is a professionally managed provider specializing in the needs of the clients we serve. We offer professional assistance and friendship that enable each member to live in the comfort of their own home or whatever setting they prefer.

Providing the Best Caregivers

Our nurses/caregivers are extraordinary people. Each one is compassionate, caring, and fully aware of the individual needs of our members. Every nurse/caregiver receives ongoing training and is carefully instructed on the support and special requirements of each client and their family's requests. After being assigned to a new client, each nurse/caregiver is educated with regard to their health history, interests & hobbies, dietary preference, and other specific needs.

Screening Process

At CMA, hiring quality caregivers is our top priority. Only a selective group of those applying for work at CMA pass our stringent requirements and eventually become qualified to provide services. Our detailed screening process includes Level II background checks, local law enforcement checks, license/training verification, and reference checks. Utilizing in-depth interviews, we find the nurses/caregivers with not only experience and professionalism, but also those with warm hearts.

Our Pledge

CMA's pledge to you and your family is to provide unparalleled care and support and to help you, and your loved ones, improve the quality of their lives. Through hard work, integrity, and compassion, everyone at CMA works as a team to support each client in reaching their full potential. Our goal is simple – to support each client as though they were part of our family. As such, we pledge to you the following:

- Deal Fairly, Honestly, and Ethically with Clients & their Families.
- Place Value on Each Client's Uniqueness and Experience.
- Provide Each Client with the Opportunity to Grow and Make a Difference.
- Treat Every Client with Dignity & Respect.
- Push Ourselves to Meet the Ever Changing Needs of the Clients we serve.
- Respect the Wishes of the Families in Meeting the Needs of their Loved Ones.
- Create an Environment with Care, Love, & Support.
- Acknowledge that Every Client is Special and Deserves Individualized Care.

Family Inclusiveness

CMA Healthcare and our staff know that the ability for each client to reach their full potential relies on our relationship with the family. At CMA Healthcare, we work side by side with families to ensure that each loved one is receiving the best possible care and support.

Client Centered Planning

Every client at CMA Healthcare is also a member of our family. As such, we respect each client's personal dignity and strive to provide professional care that is focused upon the individual's goals.

Communication

CMA supports our clients and their families by providing 24/7 on-call access. We are reachable at any time for emergencies, concerns, or questions. You will always have access to us for whenever you need it.

Privacy

CMA respects the privacy of all our clients and strictly adheres to The Health Insurance Portability and Accountability Act (HIPAA). Also, we provide care and support to all persons without regard to race, color, religion, age, sex, or national origin.
